Reviewed Project proposed at: 3638 Tamarack Circle Barreville Ridge Estates. This project is for a 12' X 20' Storage Room addition. Plans submitted have the addition attached to the North East corner of the house. The addition will have cedar siding, 40 year roofing and trim that will match the house.

A pre-ARC street drive by Ed Radwanski shows the topography of the property has the house raised well above street level. The proposed addition may not be visible from the street. In place landscaping will obscure the proposed structure from off site view. Local ARC and neighbor approval has been obtained. Project approved.
