**ARC Review Minutes:**

Reviewed Project proposed at: 5404 Rt 31CL Chrysler / Jeep  
This project is for replacement of multiple in place signage and addition signage. The additional signage and replacement signage are being installed to comply with the currant corporate guidelines for the dealership.

The size and properties of the signs will be comparable to the currant signage. The new signs are regulatory and direction type signs. As such, based on in place Village code, ARC review is limited to the look of the signs. Project approved.
